EDUCATION DEPARTMENT (A).

NOTE FOR SUPPLEMENTARIES.

There are no separate Training Colleges in the State where Secondary Grade Teachers who subsequently became graduates can undergo B.T. or B.Ed. Trg. In July 1949, the Govt., in order to meet the heavy demand for L.T. Assistants, approved the proposal of the D.P.I. for the conduct of a training course of three months' duration in the Teachers' College, Saidapet, for Secondary Grade trained teachers who were graduates. It was ordered that the teachers who satisfactorily completed the course should be granted the Collegiate Grade Teachers' Certificate and employed in schools under local bodies and aided managements in posts of B.T. or B.Ed. Assistants and granted the scale of pay ~~attached~~ sanctioned to such posts. The arrangement was sanctd. for a period of five years and the Madras Edl. Rules (13 and 138) were amended. Subsequently, the Govt. approved a proposal for the running of a similar course in the Govt. Training College, Rajahmundry, also, from Decr. 1949. The shortened course is run independently of the B.T. or B.Ed. course, but there may be a few lectures in common. The course in the Teachers' College, Saidapet, was affiliated to the University of Madras from July 1952 and the first batch of trainees in the shortened course appeared for the B.T. degree examination in October 1952. The trainees of the course in the Govt. Training College, Rajahmundry, appear for the Collegiate Teachers' Certificate Examination conducted by the Commr. for Govt. Examinations, and the Andhra University allows private candidates to appear for its B.Ed. degree examination after they obtain the Collegiate Teachers' Certificate.

2. There is no language preference for admission to the course. The number of candidates from the West Coast i.e., Kannadiga and Malayalee candidates, that can be admitted in the Teachers' College, Saidapet, or the Govt. Trg. College, Rajahmundry, depends upon the extent to which facilities for teaching-practice in the two language-media are available in the Model high schools attached to the Colleges or in other non-Govt. schools nearby which allow candidates to practice teaching.

No application was received in the Govt. Training College, Rajahmundry, from Kannadiga or Malayalee candidates during 1952, for the shortened course. At the Teachers' College, Saidapet, nine applications from the West Coast (4 from Malabar and 5 from South Kanara) were received for the course started in July 1952 and out of them three candidates (1 Malayalee and 2 Kannadigas) were admitted, having due regard to the availability of facilities for practice-teaching in High Schools where the medium of instruction is Malayalam or Kannada or English. For the course started in Decr. 1952, ~~three~~ three candidates applied from Malabar and two of them who offered English and Mathematics as the optionals were admitted. In July 1953, only 5 candidates from the West Coast applied and ~~they~~ all of them were ~~all~~ admitted.

3. ~~The member, who has put the question, viz.,~~ Sri T.C. Narayanan Nambiar, M.L.A., submitted, in March 1953, a Memorandum to M.(Edn.) for the starting of the shortened B.T. course in one of the Training Colleges in the West Coast, preferably at Kozhikode Sri C. Padmanabha Kamath, a teacher of Mangalore, and Sri T.A. Pai, M.L.A., suggested the starting of a similar course in Mangalore. The Director, who was consulted in the matter, stated that it was too soon to consider the opening of a B.T. shortened course at the Govt. Trg. College, Kozhikode, as even the regular B.T. course was yet to be

provided with full facilities such as adequate accommodation and a complete Model High School, and that the no. of teacher-graduates in Malabar as judged fro the no. who applied for admission to the course in the Teachers' College, Saidapet, did not justify the opening of a shortened B.T. course at Kozhikode. He reported that the Secondary Grade Trained teachers from Malabar & S.Kanara who offered English and Mathematics as optional subjects could be admitted to the shortened course at the Teachers' College, Saidapet, without any restriction, because teaching-practice facilities were available for them in the Model High School attached to the College. It was possible to admit one or two candidates with other optional subjects also, because the Madras Christian College High School, one of the practising schools for the regular B.T. Students of the Meston Trg. College and for the non-Telugu & non-Tamil B.T. students of the Teachers' College, Saidapet, could give facilities for one or two shortened B.T. course students (Malayalam or Kannada). The Director also reported that, besides the Madras Christian College High School, there were three other High Schools in the city, i.e., (1) Besant Theosophical High School, Adyar, (2) A.G. Jain High School and (3) Kellet High School, which were having English Medium sections and that the question of securing in those schools teaching-practice facilities for West Coast candidates offering "Social Studies" as the optional subject could be taken up when an appreciable no. of West Coast candidates sought admission to the shortened course and that the reservation of seats for such candidates in the shortened course did not require immediate consideration. The Govt. accepted the above views of the D.P.I. and informed Sri Narayanan Nambiar and Sri Pai that it was not practicable to open a shortened B.T. course either at the Govt. Training College, Kozhikode or at the

-3-

Govt. Trg. College, Mangalore and that those who wanted to undergo the course might apply to the Prl., Teachers' College, Saidapet, who would admit them to the extent possible.
